

Rubber lined P-Clip W4

Information	Article	Reference AGD	Diameter Application	Band-width a	d	Metric screw	Box Quantity	Packing
These rubber-lined connecting clamps, known in the market as «P-Clips» are composed of an AISI 304 stainless steel band lined with EPDM rubber. This rubber lining allows for firm and safe clamping in the application zone and prevents potential damage due to vibration. The screw holes at either end of the band are reinforced with steel plates to ensure they clamp down tight. P-Clips are particularly recommended for mounting pipes, electric cable ducting and hoses in automotive and marine applications and in industrial machinery.	AGID 5/12	43003859	5	12	5,3	M.5	200	200
